EUNAVFOR MED Operation SOPHIA

DISTRIBUTION

This Manual has been drafted and issued by CJ7, in collaboration with expert gender staff. It is predominantly designed for specific FHQ staff members. It is restricted to those involved in EUNAVFOR MED Operation SOPHIA OHQ and as such it cannot be distributed elsewhere without direct permission of the OHQ.

AMENDMENTS

Version 1.0 published: 2017.

The manual and its annexes are a “living document” and will be updated and amended as and when the situation dictates. Updates will require their respective chapter or annex to be destroyed and replaced with the new version. Comments, feedback and applications for amendment should be directed to the drafters.

General description

Formed from an analysis of data made available by Italian judicial authorities, this document outlines indicators that can help distinguish human traffickers and smugglers.

Other conclusions from this analysis are also considered in the context of how best to treat vulnerable people during interactions such as Search and Rescue activity.

The document consists of this publication, the appendix, and the on-line course.
